

Attendance Details and Regularization

(Process Flow Documentation)

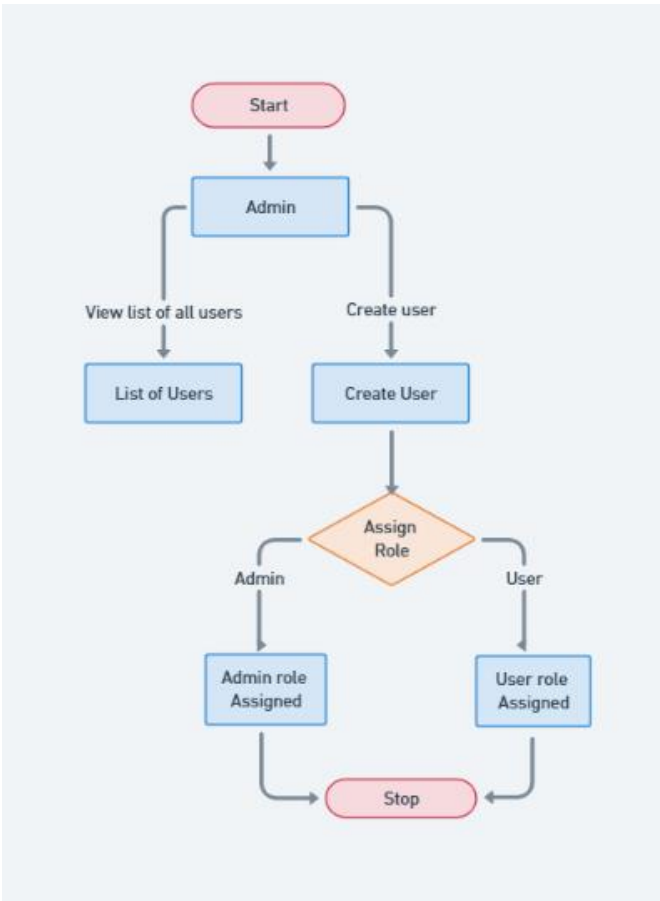

User Story 1: Assign Role When Creating User

As an admin,

I want to assign roles when creating a user so that I can define user permissions and access levels.

Acceptance Criteria:

- 1. Admin can view list of all users
- 2. Can create user
- 3. Then can have option to assign role (admin/user)

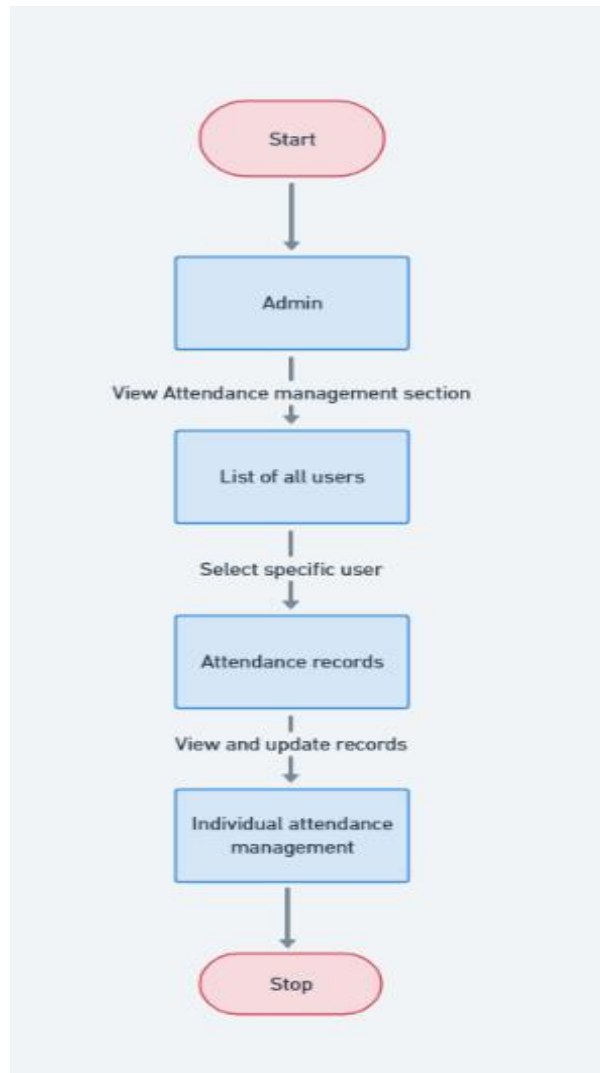

User Story 2: Manage Attendance Member-Wise

As an admin,

I want to manage attendance member-wise so that I can track and update attendance records for each user

Acceptance Criteria:

- 1. Admin should have view to Attendance management section
- 2. Option to view list of all the users for whom attendance can be managed
- 3. Option Select a specific user from the list.
- 4. Option to view and update their attendance records individually

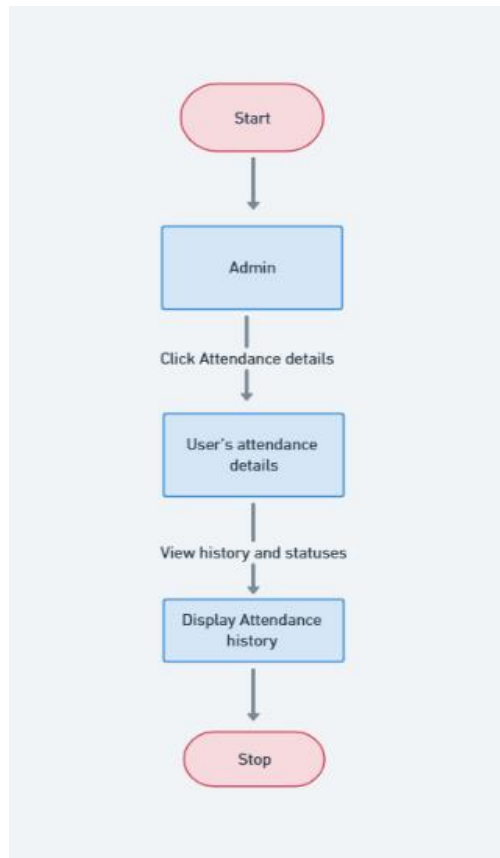

User Story 3: Admin Can View Attendance for All Users

As an admin,

I want to view attendance for all users so that I can monitor overall attendance records.

Acceptance Criteria:

1. As an admin I want access to the attendance records section
2. Where I can view a comprehensive list of attendance records for all users.
3. I should have option to view each user's attendance details
4. Where I can see their attendance history including dates and statuses (present, absent, etc.)

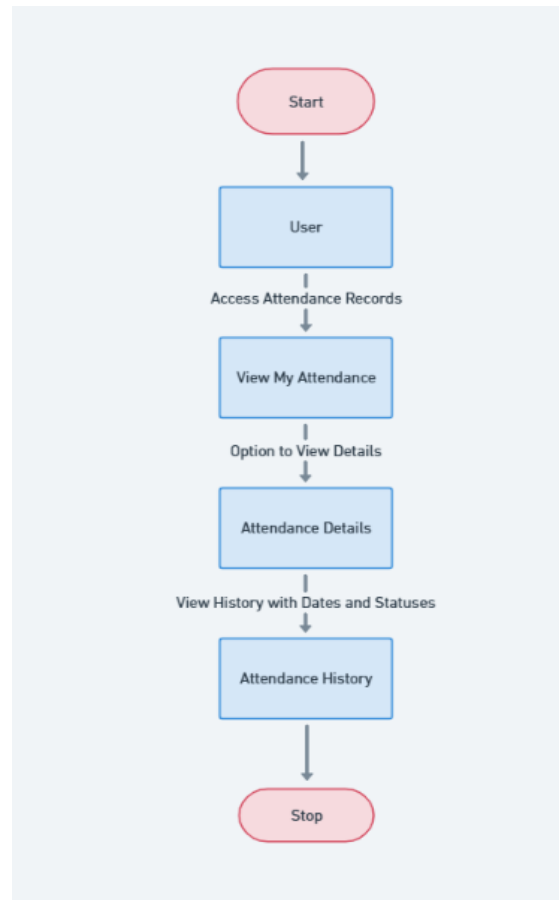

User Story 4: User Can View Only Attendance for Self

As a user,

I want to view only my own attendance so that I can monitor my attendance records.

Acceptance Criteria:

1. As a User I can access the attendance records section
2. Where I can view only my own attendance records.
3. I should have an option to view my Attendance details
4. Where I can see my attendance history including dates and statuses (present, absent, etc.).

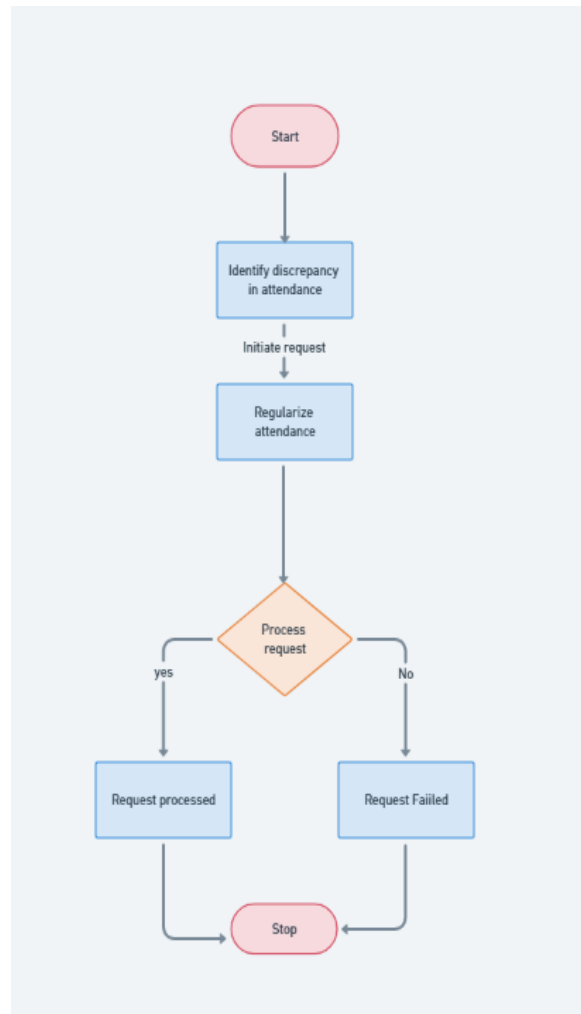

User Story 5: User Can Regularize Attendance for Self

As a user,

I want to regularize my own attendance so that I can correct any discrepancies in my attendance record.

Acceptance Criteria:

1. As a user I identify discrepancy in my attendance
2. As a user I can initiate a request to regularize my attendance
3. On Submission of regularization request, the system acknowledges receipt of the request and processes it, accordingly, updating my attendance status.

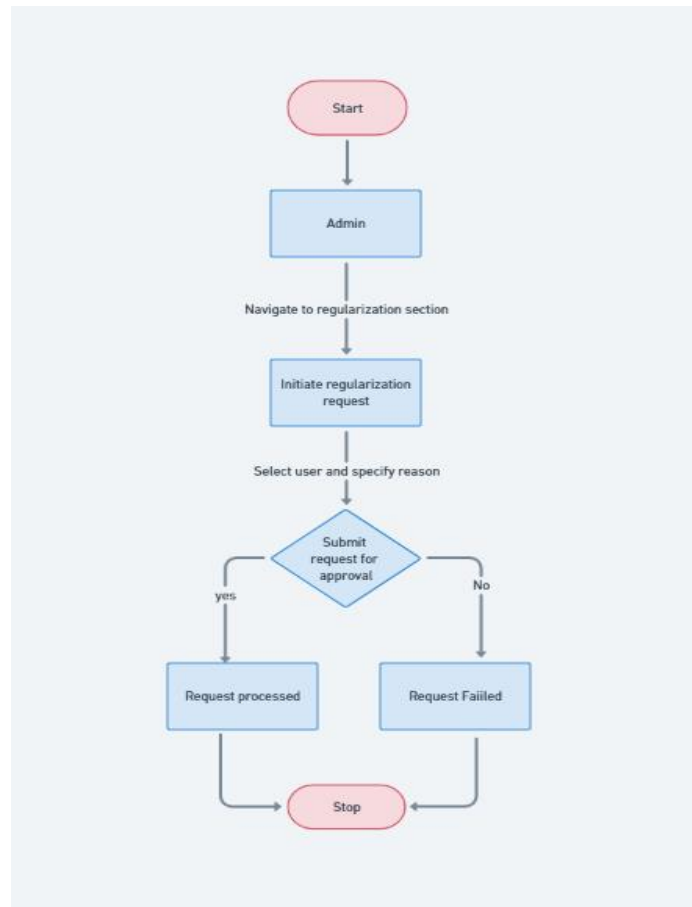

User Story 6 Admin Can Apply for Regularization on Behalf of User

As an admin,

I want to apply for regularization on behalf of any user so that I can manage attendance discrepancies effectively.

Acceptance Criteria:

1. As an admin, I can navigate to regularization section
2. Where I can initiate a regularization request for a specific user.
3. I can select the user and specify the reason for regularization
4. The request is submitted for approval

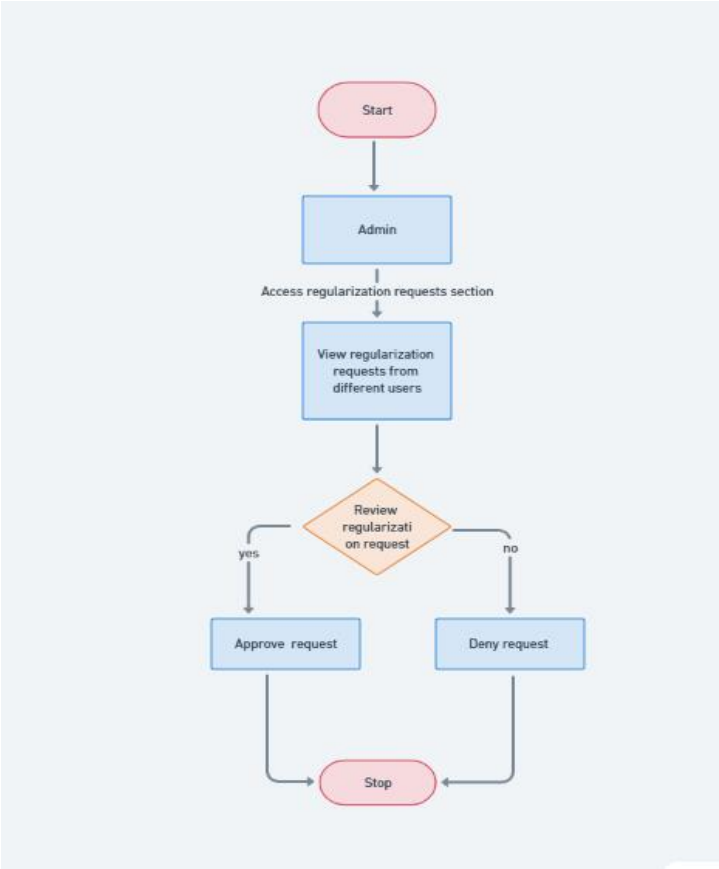

User Story 7: Admin Can Approve or Deny Regularization Request

As an admin,

I want to regularize attendance on behalf of users so that I can correct attendance discrepancies for users.

Acceptance Criteria:

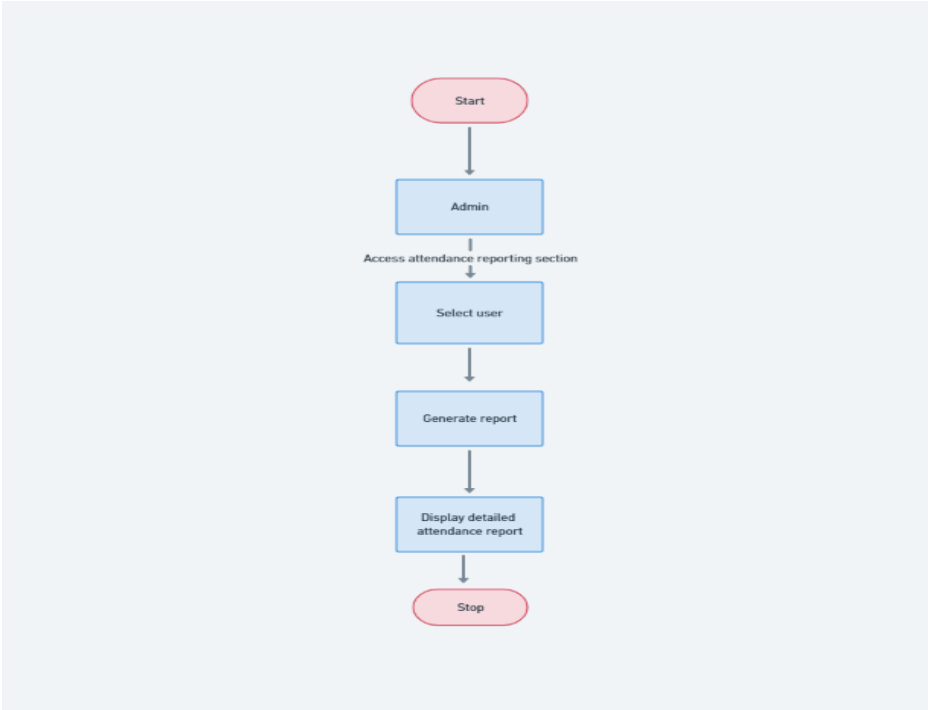

1. As an admin I can access the regularization requests section.
2. Where I Can view regularization requests from different user
3. I can review a regularization request
4. Where I can approve or deny the request, updating the user's attendance status accordingly.

User Story 8: Admin Can Generate Monthly Attendance Report for Any User

As an admin,
I want to generate monthly attendance reports for any user so that I can monitor attendance effectively.
Acceptance Criteria:

- 1. As an admin, I access the attendance reporting section
- 2. Where I can select a specific user for whom I want to generate the report.
- 3. I choose the month for which I want to generate the report,
- 4. The system compiles and displays a detailed attendance report for the selected user and month.

User Story 9: User Can Generate Monthly Attendance Details for Themselves

As a user,
I want to generate monthly attendance details for myself so that I can review my attendance records.
Acceptance Criteria:

- 1. As a User, I navigate to the attendance reporting section
- 2. Where I can Select the month for which I want to generate the attendance details
- 3. On selection of Generate report the system compiles and displays a detailed attendance report for me for the selected month.
